SWAMPSCOTT LAND TRUST.

THE PROPERTY of the Swampscott Land Trust, consisting of about one hundred and twenty acres, has been improved and laid out by Messrs. F. L. and G. C. Olmsted into house lots, which are now offered for sale at moderate prices, and terms to suit purchasers.

. These lands afford almost every variety of building site — level, open ground and gentle slopes, with fine forest trees; commanding hillsides both open and picturesquely wooded; bold eminences, with extended views of the adjacent country and the sea. The lots on the new avenue, which is from one hundred to three hundred feet in width, are the finest in the county. The distance from Boston is but a half hour's ride by rail, and the station is within five minutes' walk from the property.

This land is equally desirable for winter or summer residences.

Samples and Circulars sent on Application.

THIS invention for exterior coloring is the only one that prevents the blackening with age. The stains are not mildewed by the salt air, nor do they grow chalky. They have stood the test of almost ten years' wear.

In these points they differ and must be distinguished from imitations styled oil stains, etc., which contain kerosene and rosin oil to cheapen them.

HOUSE LOTS AT CLIFTON.

ARRANGEMENTS can be made for the hire or sale of sites for Summer Cottages on the and adjoining the Crowninshield. Those who wish to enjoy their own home comforts and privacy, can arrange to build small convenient houses, comparatively inexpensive, and to have their meals and service provided from the hotel, thus gaining freedom from care and from the petty inconveniences which are a part of hotel life. Money advanced to build, and land sold on favorable terms.
